SOFTWARE EXPERTISE

Macintosh Computers

Quark (QuarkXPress), Adobe (InDesign, GoLive, Photoshop, ImageReady, Illustrator, Streamline, Acrobat & Distiller), Microsoft (Word, PowerPoint, Explorer), Altsys (Fontographer [typeface creator]), ATM Deluxe, Suitcase, Toast CD Creator, Netscape Communicator, Norton Utilities... and more.

I have also applied my experience to diagnose and repair Macintosh OS and related problems.

OBJECTIVE

I'm seeking a position as a creative decision maker and/or member of a creative team; Senior Graphic Designer, Artist, Digital Image Creator, or Writer. I welcome new challenges and opportunities broaden my creative capabilities.

SKILLS & EXPERIENCE

I can provide a range of creative services. With over 10 years of professional experience in conception, design, and production, I offer an extensive skill set, dynamic ideas, and a flexible and practical design sense. My work includes consumer advertising, corporate communications, website and interface design, book production, narrative fictional media (comics, animated film and TV, and roleplay games), and event management. I'm an accomplished writer, designer, illustrator, photographer, magazine and book publisher, and computer operator.

I can function independently or as part of a creative team, working directly with a client, or through an agency with an account or contract. I can guide personnel in the brainstorming, design, and production process. Once handed an assignment, I dedicate myself to seeing that it is accomplished on time, within budget, and reflecting any creative directions provided. When presented with impossible deadlines, I'll put in the necessary hours. I've produced the occasional miracle. I always give 110%.

I can work on-site or at my own studio; I have the hardware, software, and peripheral resources necessary to complete most assignments. I possess strong organizational and multi-tasking skills.

I am willing to research and train as necessary. I'm a fast learner. I'm self-taught. I also enjoy teaching; I have experience instructing others in the use of the MacOS and specific software applications.

To view my work please contact me to arrange a time when I can drop by with a portfolio. I will also gladly email samples of my work; just phone or email and let me know what kind of material you would like to see.
